

2019 ACA / IRS Group Health Plan Reporting Update (Forms 1094/5)

It is that time of year! The VEHI annual webinars covering the Affordable Care Act (ACA) / Internal Revenue Service (IRS) Group Health Plan Reporting requirements have been scheduled.

This is the fifth year completing the filings. This year's webinar will put much more emphasis on preparing for filing and completing the required forms. In addition, we will cover completing both the Form 1094/5-B series (small employers) and 1094/5-C series (large employers) in the same webinar in one session.

We will start each webinar with a brief refresher covering the information required on the forms, employees for whom a form must be submitted and the required codes for the forms. We will also highlight the purpose of a few important sections that may trigger a penalty letter.

We then move to multiple examples of forms completed based on a number of different fact patterns. We will have time for questions and answers and encourage you to come with your questions. The webinar will be recorded and posted on the VEHI website.

Two webinars sessions are offered ([same content](#)):
