

## VEHI Files Dental Rates for FY 25

**Proposes 0 - 4% increase in rates**

VEHI has just completed its dental rate renewal process for **FY 25** (for dates July 1, 2024 - June 30, 2025).

Similar to FY 24, VEHI's proposed dental rates for FY 25 range from a **low of zero to a maximum of four percent** based on a comprehensive utilization analysis of each member group and recommendations of an independent actuary.

Additionally, to stabilize and keep premium increases in FY 25 between 0 to 4 percent, the VEHI Board, as it did in FY 24 and other fiscal years, authorized the use of its dental program reserves, which are again sufficient for this purpose. By utilizing our reserves, we were able to reduce the average increase from 9.54% to 0.79%.

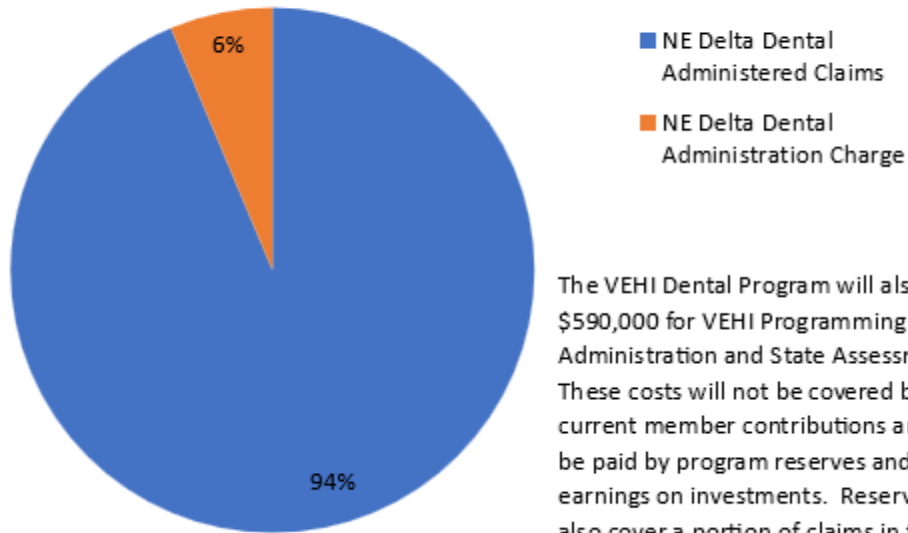

These rates are not final, as they must go through the regulatory review process at the Vermont Department of Financial Regulation.

***We will notify business managers and/or human resources representatives, via email this week, as to where your particular district falls in this range.*** We will also notify you of your actual rates when they are approved, which we expect in January.

### Dental Program Spending Projections

**VEHI Dental Program FY25  
Projected Spending Allocation of Member Contributions**

The VEHI Dental Program will also incur \$590,000 for VEHI Programming and Administration and State Assessments. These costs will not be covered by current member contributions and will be paid by program reserves and earnings on investments. Reserves will also cover a portion of claims in the amount of \$137,000.
