

VEHI Files Dental Rates for FY 24

Proposes 0 - 4% increase in rates

VEHI has just completed its dental rate renewal process for **FY 24** (for dates July 1, 2023 - June 30, 2024).

Similar to FY 23, VEHI's proposed dental rates for FY 24 range from a **low of zero to a maximum of four percent** based on a comprehensive utilization analysis of each member group and recommendations of an independent actuary.

Additionally, to stabilize and keep premium increases in FY 24 between 0 to 4 percent, the VEHI Board, as it did in FY 23 and other fiscal years, authorized the use of a modest amount of its dental program reserves, which are again sufficient for this purpose.

These rates are not final, as they must go through the regulatory review process at the Vermont Department of Financial Regulation.

We will notify business managers and/or human resources representatives, via email by the end of the week, as to where your particular district falls in this range. We will also notify you of your actual rates when they are approved, which we expect in January.

If you have any questions, please contact Bobby-Jo Salls at bobbyjo@vsbit.org or Jessica Valler at jessica@vsbit.org.
