

## Open Enrollment 2022 Reminders

The open enrollment for 2022 health benefits is underway for most districts. As a reminder, there are **no changes** to the VEHI health plans for 2022. Also, public schools that are subject to the Statewide Commission on School Employee Healthcare Benefits bargaining decisions will have the **same HRA or HSA funding** available for 2022. Independent schools, private schools and associations are not subject to the above noted bargaining.

As noted in the monthly VASBO and VSHRP meetings, Blue Cross and Blue Shield of Vermont has requested that changes be received **by November 19th**. Changes received after that date (but prior to January 1) will be honored, however, employees should understand that their ID and/or debit cards may not be received by January 1, 2022.
