

VEHI Files FY 20 Health Plan Rates

VEHI has filed its FY 20 contribution rates for its health plans with the Department of Financial Regulation (DFR), which has the authority to review and modify or approve VEHI's health plan rates annually. As announced last year, DFR is requiring VEHI to file separate rates for each health plan. The filed rate increases for our active population range from 3.2% for the Gold plan to 11.8% for the Gold CDHP. For a grid of the filed rates for each plan and tier, and information about the factors that are driving the rate increases, please read our memo [here](#).

Please note that these rates are not final. They must go through the regulatory review process at DFR. We will let you know when that process is completed, and will announce the finalized rates at the latest in early January.

If you have any questions or concerns, please reach out to Laura Soares at laura@vsbit.org, Bobby-Jo Salls at bobbyjo@vsbit.org or Mark Hage at mhage@vtnea.org.
