NEMRC has limited support for ACA 1095 IRS Reporting Requirements for self-insured entities, both applicable large employers (ALE) and small (non-ALE) employers as defined by the ACA. NEMRC allows for entry of additional insured individuals with their required data and will print them on a 1095c form. NEMRC is not approved to create a file for upload into the ACA's system. If desired this must be done via a 3rd party. NEMRC suggests that clients continue to apply to send paper forms annually while this option continues to be available.

Resources currently available to assist employers in utilizing the DMS to support ACA Reporting as self-insured entities include: (for example recorded webinars, training manuals) NEMRC Support and personalize training.
