

Benefit Description Document and Wrap Update

This important notice is to alert school districts and school employees that VEHI and BCBSVT have developed new **Benefit Description Documents (BDD)** for all four VEHI benefit plans. They become effective July 1, 2021.

These documents are posted on VEHI's website, click here: [BDD and Wrap](#). They can also be found on the BCBSVT Member Resource Center at www.bcbsvt.com/MRC.

Don't forget to update your **BDD Wrap** document with the premium cost-sharing effective July 1, 2021.

What is a BDD?

Each BDD provides a description of a subscriber's benefits and services while enrolled in a VEHI health plan and what a subscriber needs to know to get the most from a health plan.

Here are pointers for subscribers on how to use a BDD:

- Read Chapter One, "Guidelines for Coverage." Information there applies to all services.
- Pay special attention to the "Prior Approval Program" on page 1.
- Find Covered Services you may need in Chapter Two. Read this section thoroughly.
- Check "General Exclusions" to see if the service you need is on this list.
- Please remember that to know the full terms of your coverage, you should read all your member materials.
- Some terms in your Benefits Description have special meanings. Capitalized terms are explained in the last chapter of this document.
- If you need translation services such as telecommunications devices for the deaf (TDD) or telephone typewriter teletypewriter (TTY), please call (800) 535-2227.

This notification has been sent to School Business Officials, Health Members, Human Resources and Local Union Officials.

If forwarding, please do not change the wording in the original email.

All email communications from VEHI can be found here: [VEHI Campaign Monitor Archive](#)

You're receiving this notification because your school and/or SU are a member of our program.
