Attention: Further / My Money HRA/HSA Customers

In November of 2021, we notified our school business officials and human resources professionals, that Further (the TPA that many school districts use for their HRA/HSAs) had been acquired by HealthEquity. We recently learned that the transition to the HealthEquity platform will be happening for **January 1, 2026**.

You may have received an email today from HealthEquity, letting you know about this. Blue Cross and VEHI are working with HealthEquity to ensure a smooth transition, and will be in touch in July with more information.

If you have any questions or concerns please contact Bobby-Jo at bobbyjo@vsbit.org.

This notification has been sent to Business Officials, Human Resources and Other Health Plan Contacts.

You're receiving this notification because your school and/or SU are a member of our program.
