MAXIMIZE YOUR TAX-FREE¹ EARNING POTENTIAL

Just like a traditional savings account, your HSA earns interest. Additionally, just like the funds you contribute, HSA interest earnings are not taxed, making your HSA an effective component to your retirement strategy. Once your account meets a certain threshold, you can invest in mutual funds to maximize your HSA earning potential.

Options to fit your needs

A wide range of investment and savings options are offered, designed to suit your individual needs and financial goals:

No-risk, FDIC-insured cash account

HealthEquity's standard, low-interest, FDIC-insured cash account. This is the default option when opening an HSA.

Low-risk Yield Plus

Yield Plus¹ allows you to increase earning potential with little to no risk. Interest rates vary based on your HSA balance, but are higher than FDIC-insured interest rates. Funds invested in Yield Plus are not FDIC-insured, but remain liquid in your HSA for spending or investing as desired.

Varying risk mutual funds

A diverse lineup of investment options are selected by HealthEquity Advisors, LLC, HealthEquity's SEC-registered investment adviser subsidiary. These investment options allow members to choose the strategy that best fits their needs.

Fund options include:

- Best-in-class (details on page 4)
- Investor Choice (details on page 5, fees may apply)

The investment spectrum provides an option for every member, regardless of age, HSA balance, or investment experience. HealthEquity meets you where you are most comfortable, and provides web-based tools and resources to make investing simpler.

¹ HSAs are never taxed at a federal income tax level when used appropriately for qualified medical expenses. Also, most states recognize HSA funds as tax-free with very few exceptions. Please consult a tax advisor regarding your state's specific rules.

² Yield Plus is a non-FDIC insured group funded annuity agreement. Current interest rates, terms and conditions are available on the member portal. HealthEquity Advisors, LLC is a separate, wholly-owned subsidiary of HealthEquity, Inc. Investments available to HSA holders are subject to investment risk, including the possible loss of the principal invested and are not FDIC insured or guaranteed by HealthEquity Advisors or HealthEquity. HealthEquity doesn't provide any type of financial or investment advice. HealthEquity Advisor™ a subsidiary of HealthEquity does provide web-based investment advice (minimum thresholds and additional fees apply). HSA holders making investments should review the applicable fund's prospectus. Investment options and thresholds may vary and are subject to change. Consult your advisor or the IRS with any questions regarding investments or on filing your tax return. For more information about HealthEquity Advisors, please visit www.adviserinfo.sec.gov.

Take the guesswork out of investing with HealthEquity Advisor™

HealthEquity is the first HSA administrator to offer individualized, web-based investment advisory services. Advisor is a web-based automated investment advisor tool offered by HealthEquity Advisors, LLC, HealthEquity's SEC-registered investment adviser subsidiary, and accessible through the HealthEquity member portal. With Advisor you receive professional guidance and access to convenient online tools designed to maximize your earnings. When you sign up for Advisor, you complete a simple profile that identifies your risk preferences and retirement goals. Based on this profile, Advisor provides guidance and management on:

- How much cash to keep in your HSA
- How much to invest
- How to optimally diversify amongst the available mutual funds to minimize risk and maximize growth.

3 options for investing

HealthEquity offers three options for investing in mutual funds. Depending on your preference for managing the funds on your own, or letting us do all of the work, you can choose from Auto-pilot, GPS or Self-driven. All mutual funds available for investment are selected by HealthEquity Advisors, LLC.

Advice

Advice is dependent upon your personal risk profile. You are able to edit your risk profile settings at any time on the member portal, and Advisor will adjust your advice based upon your changes.

Requirements to invest

There is no minimum balance to participate in our FDIC-insured account, or to enroll in Yield Plus. In order to invest in mutual funds, your HSA cash balance must meet a minimum threshold. Contact HealthEquity member services at 866.346.5800 or visit the Investments section of your HealthEquity member portal to confirm your plan's threshold.

Any investing fees are charged to your HSA cash account on the same day each month corresponding to your subscription date, and appear on your monthly statement. If your balance is not sufficient to pay the fees, billing will postpone until more money arrives. Multiple months of unpaid Advisor fees may result in suspended access until an HSA contribution is made. Advisor will not sell investments to settle any unpaid fees, though you can initiate the sale of funds in "Edit Profile" by changing the cash setting to the amount you want available in your HSA cash balance.

You are able to cancel Advisor at any time by going to "Edit Profile" and selecting "Self-driven", which will cancel your subscription to HealthEquity Advisor. Cancelling will not initiate any sales of current investments.

HealthEquity Advisors, LLC is a separate, wholly-owned subsidiary of HealthEquity, Inc.

Investments available to HSA holders are subject to investment risk, including the possible loss of the principal invested and are not FDIC insured or guaranteed by HealthEquity or HealthEquity Advisors. HSA holders making investments should review the applicable fund's prospectus. Investment options and thresholds may vary and are subject to change. Consult your advisor or the IRS with any questions regarding investments or on filing your tax return. Best-in-Class fund offerings selected by HealthEquity Advisors, LLC, HealthEquity's SEC-registered investment adviser subsidiary.

The term "Best-in-class" is solely the naming convention of the fund menu and in no way suggests or implies a guarantee of return to investors from the funds being offered.

All funds offered in the "Best-in-class" menu are waived of sales charges (front loads & back loads), short-term redemption fees and fund minimums. The only applicable fee is the fund expense ratio respective to each mutual fund and your ordinary HSA administration fee. Expense ratios are fees charged by the mutual fund and are not controlled or influenced by HealthEquity or HealthEquity Advisors, LLC.

INVESTOR CHOICE FUND OFFERINGS

HealthEquity also offers the Investor Choice fund lineup for those who want access to lower cost, active and passive index funds with a monthly administration fee.¹ Investor Choice is an optional lineup of additional funds which provides the ultimate flexibility for members to reflect their investment philosophies and strategies. Other than the monthly investment administration fee, the HSA administration fee and the respective mutual fund expense ratio there are no trading costs, commissions or fund minimums.
