## YOUR ENROLLMENT GUIDE FOR RETIREES WITHOUT MEDICARE.

## ABOUT THIS BOOKLET

The Vermont Education Health Initiative (VEHI) is a member owned, non-proft organization that serves Vermon school districts and the Vermont State Teachers' Retirement System (VSTRS).

This booklet contains information about health benefit plans for retirees and their dependents (who meet eligibility standards) and is intended to help you make an educated choice regarding which health care plan suits you best. This booklet summarizes the benefits and the plans offered through VEHI, for VSTRS.

For full information, you must consult your summary of benefits and coverage, available at vehi.org/retirees

## WELCOME TO VEHI

Vermont education health initiative

Dear Former School Employees,

VEHI is committed to providing a range of benefit plans that are cost-effective, affordable, and high quality. Our program also invests in school-based and postemployment wellness programs that give you and your families the confidence, support, and resources to lead healthy, productive lives. We are also intent on keeping school districts, local unions and Vermont State Teachers Retirement System (VSTRS) informed about the health care market, health care reform initiatives and regulatory compliance under federal and state law.

We urge you, with the aid of this booklet, to consider yourself an informed patient and purchaser of health care, as well as a beneficiary of insurance. Involving you directly in how you and your doctor choose the care you need and in the purchase of health care services provides a necessary link between providers and consumers that can help ensure high-quality care, products, and services at affordable and sustainable prices. Vermont schools, taxpayers, VSTRS, active school employees, and our health care system all benefit from the medically smart and appropriate use of health care services.

## Sincerely,

VEHI Management Team

CARE YOU CAN TRUST

VEHI's health program has been operating for more than two decades It is managed jointly by the Vermont School Boards Insurance Trust (VSBIT) and the Vermont-National Education Association (VT-NEA). All funding for VEHI's health program comes from active employees, retirees like you, school districts and the Vermont State Teachers Retirement System (VSTRS)

HOW WE USE YOUR DOLLARS

Over 90 percent of all funding goes to pay actual health claims. Approximately 9 percent pays for Blue Cross and Blue Shield of Vermont's (Blue Cross) administration of the program and state and federal taxes, assessments, and fees. The remaining one percent funds VEHI's wellnes program and administrative costs.

POWERED BY YOUR FRIENDS AND NEIGHBORS
