Provider Network Information

For many services you may use any provider for emergency care, or may use participating or non-participating providers and obtain benefits. However, in cases of emergency or services provided at a participating facility, non-participating providers are prohibited from billing you for amounts beyond the cost-sharing amounts without your permission, which you are not obligated to give. If this occurs, please contact us at the number on the back of your ID card so that we can work directly with the Provider to resolve the request.

If you use a non-participating provider for non-emergency care, and you waived your right to be protected from additional bills, you may be billed the difference between the allowed amount and billed charges which does not accumulate toward your plan year out-of-pocket limit.

For a list of providers in the Vermont network, visit www.bluecrossvt.org/find-doctor and choose "Providers and Hospitals in Vermont Service Area." For a list of national, BlueCard providers, visit www.bluecrossvt.org/find-doctor and choose "National and International Providers and Hospitals." Then, choose the National Doctor and Hospital Finder to access the national directory. Your national BlueCard network of providers is BlueCard Traditional. Please refer to your Benefits Description, Chapter One, "General Guidelines" on how to access care and choose a network provider.
